

Surface Mount

Apple recently made some updates to their iPad product line back in September and announced the iPad 7th gen. 10.2 - inch. This new iPad is the same high and length as the iPad Air 3rd gen. 10.5 - inch, **HOWEVER** it is 1.4mm thicker. Also the camera locations shifted slightly. As a result we needed to make a few changes to our existing product line to accommodate the thickness of the new iPad.

When will the new products be available:

Shipping the week of 11/25

What has changed.

New IPORT packaging; The New packaging will identify the new compatible iPad versions (iPad 10.2-inch (7th gen) | iPad Air 10.5-inch (3rd gen)).
